# MANAGING DIRECTOR...

**Mr H. Tshikalange** Humbulani Tshikalange started his career as policy analyst on mining, minerals and energy and was part of a team that developed a mining, minerals and energy policy for a future South Africa which policy then became precursor to the current mining and energy laws of South Africa.

He also worked at the National Union of Mineworkers heading the collective bargaining and research department. He was responsible for setting the scene for the mining, energy and construction wage negotiations.
